PROFILE

Aspiring Front-End Developer with a strong foundation in web development and design, blending creativity and technical expertise to build dynamic, user-friendly interfaces. Experienced in creating seamless landing pages and linking them to other pages. Proficient in HTML, CSS, JavaScript, and working well with Figma. Passionate about delivering visually appealing and responsive designs while continuously learning and improving. Currently honing skills through mentorship and real-world projects within the Inventors community, aiming to contribute innovative solutions to modern web development challenges.
